Bachelor of Law

Lviv State University of Internal
Affairs

📅 2018 - 2022

📍 Lviv, Ukraine

Master of Law

Lviv State University of Internal
Affairs

📅 2022 - 2024

📍 Lviv, Ukraine

SKILLS

- HTML5
- CSS
- JavaScript
- Tailwind
- GitHub
- React
- Rest API
- Node.js (basics)
- Mongo DB
- TypeScript
- API-Integration

CAREER OBJECTIVE

Career changer with a completed law degree and strong motivation to enter the IT industry. After intensive self-directed training in frontend development (React, TypeScript, TailwindCSS) and the successful implementation of several practical projects, I am seeking a position as an intern or junior frontend developer.

PROJECTS

Independent Frontend Projects

Task manager

Entwicklung einer modernen Aufgabenverwaltungs-App mit React, TypeScript und TailwindCSS.

- Drag & drop functionality, localStorage, API integration, responsive design
- Deployed on GitHub Pages
- Link to [GitHub](#)

Weather App

Development of a modern task management app using React, TypeScript, and TailwindCSS.

- Weather application built with React, TypeScript, TailwindCSS, and the OpenWeatherMap API.
